Utopia license

FIRST NAME: **Bond**
SURNAME: **Jasmine**
DOB: **04/10/2001**
PLACE OF BIRTH: **Anywhere**
ADDRESS: **Any Street, Utopia Po5t C0d3**

VALID FROM: **01/01/2018**
VALID UNTIL: **01/01/2045**
SIGNATURE:

The **Javelin laminator** maximizes the lifetime use and durability of a card up to 5 to 10 years as well as protecting your card information from being counterfeited, duplicated, and tampered with.

It provides simultaneous dual-sided laminating at faster speeds and with shorter warm up times.
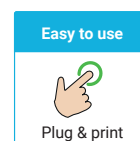

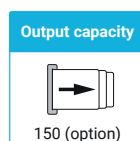

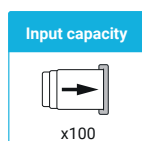

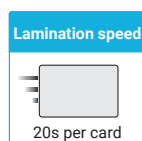

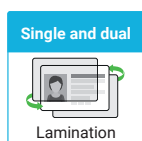

The Javelin Laminator is so versatile it can be used as a standalone product or fits perfectly inline with any of the Javelin DNA series printers.

Laminator delivers...

▸ Simultaneous dual-sided laminating
▸ 20s per card (single or dual-sided)
▸ Standard or customized holographic or clear laminate
▸ Continuous overlay film or patch laminate

Ideal for...

▸ National ID cards
▸ Driving licenses
▸ Resident cards
▸ Corporate cards
▸ Campus/student cards

Single and dual	Lamination speed	Input capacity	Output capacity	LCD display	Easy to use	Warranty

Javelin **Laminator**

Specifications

Technology
Single and dual-sided simultaneous lamination

Lamination speed
20s per card (single or dual-sided)

Laminating temperature
120ºC to 195ºC

Warm-up time
40 seconds @ 120ºC

Display
LCD and LED display with graphical notifications

Communications interface
USB 2.0, RS232C

Laminator security
Support for Kensington® security lock

Dimensions (HxWxD)
323 x 214 x 314mm

Weight
9.6kg

Power supply
• Input: 100-240V/110-115V, 50-60 Hz
• Output: DC 24V, 2.5A
• Single or dual : 600W (DC 24V, AC 220V)

Operating environment
• Temperature: 15ºC to 30ºC
• Humidity: 20% - 60% (non-condensing)

Storage conditions
• Temperature: -5ºC to 70ºC
• Humidity: 20% to 70% (non-condensing)

Certifications
RoHs, CE, FCC, CQC, UL, WEEE, VCCi, KCC

Warranty
2 years

Card specifications

Input hopper capacity (optional)
100 cards

Output hopper capacity
150 cards
